The BX Premium Support Terms apply only if Customer has purchased a BX Add-On Subscription to BX Premium Support. No terms or conditions stated in Customer's purchase order or other Customer documentation shall, notwithstanding any language to the contrary in such terms and conditions or documentation, be incorporated into or form a part of the Agreement, and all such terms or conditions shall be deemed rejected and null and void.

2.2 Constitution of the Agreement

An Agreement is constituted on acceptance by Customer of a BX Order. If the acceptance is conditional, the condition in question does not apply until Bottomline has explicitly agreed to it in Writing.

2.3 Order of legal prevalence

To the extent of any conflict or inconsistency between the provisions of the documents constituting the Agreement and subject to the Parties' explicit Written agreement to the contrary, the order of legal prevalence shall be: (1) the BX Order, (2) the BX DPA, (3) these BX Service Terms and Conditions and (if applicable) the Premium Support Terms. If the BX Premium Support Terms apply, the provisions of the BX Premium Support Terms prevail over the provisions of these BX Service Terms and Conditions in case of any conflict or inconsistency between their provisions.

2.4 Amendments

Subject to any provision to the contrary in these BX Service Terms and Conditions, no modification, amendment, or waiver of any provision of the Agreement shall be effective unless made up in Writing and

accepted in Writing by the Party against whom the modification, amendment or waiver is to be asserted.

2.5 Amendment to BX Service Terms and Conditions

Bottomline reserves the right to amend these BX Service Terms and Conditions unilaterally at any time, provided that Bottomline notifies the Customer in Writing of: (i) the date on which the amended terms will take effect and (ii) a summary of the amended terms, at least sixty (60) calendar days before the intended effective date. From the effective date notified the amended terms will apply to the Agreement. If the Customer does not accept the amended terms, Customer has the right to terminate the Agreement against the intended effective date of the amended terms, provided the Customer files its Written termination notice with Bottomline within thirty (30) calendar days prior to the intended effective date of the amended terms.

3. Services

3.1 BX Subscriptions

Customer may, under the terms of the Agreement, purchase a BX Subscription for the access to and use of BX. On constitution of the Agreement, Bottomline shall make BX available to Customer for the term of the BX Subscription. In addition to a BX Subscription, Customer may purchase (a) BX Add-On Subscription(s). The effective date of the BX Add-On Subscription shall be as stated in the Subscriptions Order. The term of the BX Add-On Subscriptions shall be equal to the term of the related BX Subscription. The use of BX and/or a BX Add-On may be subject to limitations. Any such limitations are specified in the Subscriptions Order and/or BX Documentation.

3.2 Delivery of BX

On conclusion of the Agreement and (authorization for creditcard) payment of the BX Subscription Fee and (if applicable) BX Add-On Subscription Fee and Professional Services Fee, Bottomline's support team will enable Customer to create a Customer Account as further explained in the BX Knowledge Base.

3.3 BX Subscription Level

The initial number of UoM's under a BX Subscription or a BX Add-On Subscription will be stated in the Subscriptions Order. Subject to changes in accordance with section 3.4, each BX Subscription entitles the Customer to use such features and functionality of BX as specific to the BX Subscription Level against which the BX Subscription is purchased, as stated in the Subscriptions Order.

3.4 Changes to subscriptions

If Customer increases the use of BX or a BX Add-On or changes the BX Subscription level, the relevant BX Subscription or BX Add-On Subscription will automatically be adjusted by Bottomline. Customer explicitly authorizes Bottomline to monitor Customer's, including any User's use of BX and BX Add-On's for this purpose. The BX Subscriptions and BX Add-On Subscriptions will be adjusted according to the following principles:

- (i) the quantity of UoM's under a BX Subscription or BX Add-On Subscription can be increased during the term of the BX Subscription, but not decreased;
- (ii) the BX Subscription Level can be upgraded during the term of the BX Subscription, but not downgraded;
- (iii) BX Add-On Subscriptions can be added during the term of the related BX Subscription, but not terminated;

- (vi) the adjusted BX Subscription Fee and/or BX Add-On Subscription Fee will be valid for the remaining part of the then-current term of the BX Subscription.

3.5 Updates and New Versions

Updates and/or New Versions are released in accordance with Bottomline's release policy only. Bottomline will inform Users of Updates and/or New Versions by issuing release notes in BX. Customer agrees that any use of BX shall always pertain to the latest version of BX. Bottomline does not warrant that any specific functionality or feature of BX or a BX Add-On will continue to be available after the release of an Update or a New Version, provided that the core functionality and features of BX or a BX Add-On under a BX Subscription will not materially decrease during the term of that BX Subscription.

3.6 Maintenance

Scheduled Maintenance will always be notified by Bottomline in advance, in BX. When planning Scheduled Maintenance, Bottomline will use commercially reasonable efforts to take local business hours (business hours in the region where the BX Service that is affected by the Scheduled Maintenance is used) into account. Scheduled Maintenance will not exceed a maximum of two (2) hours per calendar week. Bottomline will decide, in its sole opinion, whether a situation occurs, requiring emergency maintenance to be undertaken (e.g. in case of a personal data breach). Bottomline is entitled to perform emergency maintenance if it is (in the sole opinion of Bottomline) necessary and at any time, without incurring liability. Bottomline shall inform Customer and Users of any emergency maintenance actions as soon as possible by a notification in BX.

3.7 Help Center Support

Help Center Support is delivered by Bottomline's support team, to an Expert User only. Bottomline will use commercially reasonable efforts to answer Customer's questions and meet Customer's requests but does not warrant that all questions and/or requests will always be answered or that all malfunctions will always be remedied and reserves the right to deny a request. Customer is responsible for the provision of First Line Support to Users. Customer shall appoint a sufficient number of, and at least one, sufficiently qualified Expert User(s) for this purpose. If Customer has purchased a BX Add-On Subscription to BX Premium Support, it is eligible for BX Premium Support and the BX Premium Support Terms apply.

3.8 Professional Services

The Parties may agree, from time to time, on the performance of Professional Services by Bottomline. The Professional Services Order will confirm the Professional Service, setting forth: (i) a description of the Professional Services to be rendered, (ii) the onboarding plan or development plan (if applicable) and (iii) the Professional Service Fee and any expenses to be paid by Customer. Bottomline is only obligated to perform the Professional Services that are specifically and expressly set forth in the relevant Professional Services Order and, except where expressly stated otherwise in Writing in the Professional Services Order, only on the condition that advance payment of (a part of) the Professional Service Fee as described under section 6.4 has been made. Bottomline will perform Professional Services in a professional manner, in accordance with the specifications described in the Professional Services Order. Bottomline is entitled always to have Professional Services performed by subcontractors, without prejudice to Bottomline's obligations under the Agreement.

3.9 Acceptance testing

Customer is entitled to perform an acceptance test on any Deliverable within 10 (ten) Working Days from delivery by Bottomline. Customer can only refuse a Deliverable if (i) specifications are set in the Professional Services Order and (ii) the Deliverable contains a non-conformity to such specifications. If the Customer is entitled to an acceptance test, the Deliverable will be deemed accepted if (i) Bottomline has not received Customer's Written notice of non-acceptance within 10 (ten) Working Days from delivery of the Deliverable or if (ii) the Customer has taken the Deliverable into use. If Customer does not accept the Deliverable, it will provide a detailed description of the non-conformity in the notice of non-acceptance. Bottomline will resolve the non-conformity in question expeditiously and redeliver the Deliverable for acceptance testing in accordance with the procedure described in this section 3.9.

3.10 Delivery dates

Any delivery dates or timelines for the delivery of Professional Services communicated by Bottomline, in a Professional Services Order or otherwise, are estimates only and not guarantees, provided that Bottomline will use commercially reasonable efforts to meet such dates or timelines. Customer must furnish sufficient trained and experienced personnel and deliver all necessary information and materials in a timely manner. Bottomline will not be responsible for any delays, cost overruns or liability resulting from the foregoing factors.

3.11 Changes to BX

Customer acknowledges that only Bottomline has the right to maintain, enhance or otherwise modify BX and BX Add-Ons. Bottomline may, but is not obliged to, at Customer's request and as part of Professional Services, develop or create specific features or additions or modifications to BX. If Bottomline agrees to make such changes, Bottomline is entitled to offer BX including such changes to all of its customers, without Customer being entitled to any compensation whatsoever.

3.12 Third parties

Instead of performing Professional Services and Support itself, Bottomline may refer Customer to third parties, selected by Bottomline, to perform the Professional Services and/or Support. In that case, such third party will not be a subcontractor of Bottomline, but Customer will, for the performance of the Professional Services and/or Support, enter into a separate services agreement with the third party directly. Bottomline excludes all liability for any actions or omissions of such third party.

3.13 External Data

Customer acknowledges that the External Data are obtained from external data sources. Bottomline provides the External Data "as is" and does not guarantee the correctness, availability, or completeness of the External Data. Bottomline excludes any and all liability for damages arising from incorrect, incomplete or otherwise non-conforming External Data. - (v) cause any User to comply with the BX Terms of Use and block the User Account of any User violating the BX Terms of Use immediately on becoming aware of such violation;
- (vi) implement adequate technical, physical and organizational security measures to prevent unauthorized access to or use of BX and/or use in violation of the BX Terms of Use, including but not limited to keeping any login credentials, including API keys, strictly confidential;
- (vii) not (a) make BX available to anyone other than Users, and/or (b) sell, resell, rent or lease the BX Service, and/or (c) store or transmit infringing, libelous, or otherwise unlawful or tortuous material, or store or transmit material in violation of third-party privacy rights in or to BX, and/or (d) store or transmit malware (including but not limited to viruses, worms, time bombs, Trojan horses and other intentionally harmful or malicious code, files, scripts, agents or programs) in or to BX, and/or (e) interfere with or disrupt the integrity or performance of BX or of any third-party data contained therein, and/or (f) attempt to gain unauthorized access to BX or its related systems or networks, and/or (g) access BX for any benchmarking or competitive purposes.

4.6 Consequences of non-compliance

Customer shall indemnify and hold Bottomline harmless against any damages, losses or expenses arising from any non-compliance of a User with the BX Terms of Use. Customer acknowledges that, if a User breaches the BX Terms of Use, Bottomline is entitled, without prejudice to any other remedies available to Bottomline under the Agreement or at law, to suspend or limit that User's access to BX by closing the Customer Account or relevant User Account or otherwise.

5. Integrations and Third-Party Systems
